

Dear PCL&P Electric and Gas Customer:

The State Tax Adjustment Surcharges (STAS) for PCL&P electric and gas service were revised on January 1, 2010. These surcharges are an adjustment to electric and gas rates that reflect changes in various Pennsylvania state taxes already included in your bill.

The electric STAS assessed on delivery charges increased from 0.00% to a surcharge of 0.01%. The electric STAS assessed on default service charges will remain at 0.00%. A typical residential electric customer using 660 kWh will not see a change in the monthly bill.

The gas STAS will increase from 0.00% to a surcharge of 0.01%. As a result, a typical residential gas customer using 120 ccf will see a monthly bill increase of approximately two cents.

At Pike County Light & Power Co., we are committed to providing you with safe, reliable energy service and to keeping down costs within our control.
