# Your Energy, Your Choice

As a customer of Pike County Light & Power Co. (PCL&P), you have the right to shop for and purchase electricity from an Electric Generation Supplier (EGS). If EGS marketing representatives knock on your door or call you, here are some helpful questions to ask before entering a contract:

- Is the supplier licensed by the Pennsylvania Public Utility Commission (PAPUC)?
- What are the prices, terms, and conditions of the agreement? And are these provided in writing?
- Are the prices fixed or do they change from month to month?
- Can I save money on my electric supply costs? If so, how much?
- Are there any cancellation or early termination fees?
- Are there additional fees not included in the price quote?
- How have the prices compared historically against market prices or PCL&P's prices?

For more information on Energy Choice in Pennsylvania or a listing of approved EGSs in your area, go to [oru.com/paenergychoice](http://oru.com/paenergychoice) or call PCL&P at **1-877-434-4100**, weekdays, 8 a.m. until 7 p.m.
