

Self Contained Poly-Phase One Meter Assemblies - 120/208 & 277/480 Vac 3 Phase 4 wire wye and 3 phase 4 wire Delta service, 200 Amperes or less			
Manufacture	Ampere Rating	Catalog Number	Description
Milbank	200	U1854-XL-QG-BLG-LI	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Durham	200	1005764	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Eaton / Cutler Hammer	200	U-E7213C-CC-CH	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
	200	U-H7213C-CC-CH	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
	200	1005764-CH	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Eaton / Cutler Hammer	200	1005764-CH	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Square D	200	1005764-SQD	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Midwest Electric Products	200	1005764-MEP	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Siemens	200	S40407-02SP	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Landis & Gyr	200	40407-02SSP	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
Murray	200	RH173GRJ	Ringless design device for OH/UG service, must be supplied with an O&R approved 7 - jaw lever bypass meter socket
