

**SERVICE CLASSIFICATION NO. 7
LARGE GENERAL TIME-OF-DAY SERVICE**

APPLICABLE TO USE OF SERVICE FOR:

Sales and delivery of electric power supply provided by the Company or delivery of electric power supply provided by an electric generation supplier under the Company's Retail Access Program to primary service customers who maintain a minimum demand of 1,000 kW during any two of the previous twelve months and provide all equipment required to take service at a primary voltage as designated by the Company. A primary customer who does not maintain a demand of at least 1,000 kW during any two of the previous twelve months, may, at the customer's option transfer to another Service Classification provided that such transfer shall only be made on an annual anniversary date that such customer began service hereunder.

Sales and delivery of electric power supply provided by the Company or delivery of electric power supply provided by an electric generation supplier under the Company's Retail Access Program to high voltage distribution service customers with a minimum demand of 1,000 kW who provide all equipment required to take high voltage distribution service as designated by the Company. High voltage distribution service shall be made available at the sole discretion of the Company where conditions merit.

Any customer who operates a qualifying facility, as defined below, and who requires supplemental, auxiliary or standby service to be supplied by the Company. The term "qualifying facility" shall mean a generating facility that meets the qualifying facility requirements established by the Federal Energy Regulatory Commission's rules (18 CFR Part 292) implementing the Public Utility Regulatory Policies Act of 1978.

All service at one location shall be taken through one meter except that service taken under Special Provision B shall be separately metered.

CHARACTER OF SERVICE:

Continuous, 60 cycles, A.C., single or three phase primary or high voltage distribution service as defined in General Information Section 26 and depending on the magnitude and characteristics of the load and the circuit from which service is supplied.

TERMS OF PAYMENT:

Bills are due when rendered. If bill is not paid within fifteen days from date rendered, service may be discontinued after suitable written notice.

TERM:

The initial term shall be one year unless the Company requires a longer initial term where special construction is required to furnish service. Thereafter, service is terminable upon ninety days written notice.

Termination by the customer followed by renewed service at the same location under another service classification will only be permitted on the anniversary of the date service commenced hereunder.

SPECIAL PROVISIONS:

A. CURTAILABLE SERVICE

All customers taking service hereunder are eligible to take service under the Interruptible Service Rider as set forth beginning on Leaf No. 18C.

B. SPACE HEATING

Customers who take service under this classification for 10 kW or more of permanently installed space heating equipment may elect to have the electricity for this service billed separately. All monthly use shall be billed at a Distribution Charge of 2.357 ¢ per kWh during the billing months of October through May and 3.650 ¢ per kWh during the summer billing months and a Transmission Charge of 0.552 ¢ per kWh during all billing months.

When this option is requested it shall apply for at least 12 months and shall be subject to a minimum charge of \$26.96 per year per kW of space heating capacity. This provision applies for both heating and cooling where the two services are combined by the manufacturer in a single self-contained unit.

All usage under this Special Provision shall also be subject to Parts (4), (5), (6), (7), and (8) of RATE – EIGHT PART – MONTHLY. This Special Provision is not available to those customers taking high voltage distribution service.

SPECIAL PROVISIONS: (Continued)

C. BUDGET BILLING PLAN

Any condominium association or cooperative housing corporation who takes service hereunder and any other customer taking service under Special Provision B of this Service Classification may, upon request, be billed monthly in accordance with the budget billing plan provided for in General Information Section 6A of this tariff.

D. STANDBY SERVICE

Standby Service will be furnished when and where available to customers with on-site generation equipment or other source of electric service under the following conditions:

1. Customer's on-site generation or other source of electric service equipment meets the requirements of Section 201 and Section 210 of the Public Utilities Regulatory Policies Act and regulations promulgated thereunder for a qualifying facility.
2. The customer agrees to abide by all provisions of the Company's "Operating, Metering, and Equipment Protection Requirements for Parallel Operation of Generating Facilities."
3. The customer shall pay for any special metering costs. Special metering costs shall be defined as the total cost of metering less the cost of metering for service under this Service Classification for customers without on-site generation.
4. The standby capacity for a customer whose total generation capacity (nameplate ratings) is greater than said customer's total demand requirements shall be the amount of standby capacity, in kW, requested by said customer but not less than said customer's maximum demand as metered by the Company in any previous month. The standby capacity for all other customers shall be the nameplate rating, in kW, of all the customer's generation facilities interconnected with the Company's system, as determined by the Company.
5. The customer shall notify the Company of all changes in customer's generating facilities prior to making such changes and shall allow the Company's representatives access to those facilities for purposes of inspection and redetermination of the standby capacity.
6. Customer shall pay to the Company a standby capacity charge of \$1.55 per kW of standby capacity per month. The standby capacity charge will be included in customer's bill for service rendered under this Service Classification.

SPECIAL PROVISIONS: (Continued)

D. STANDBY SERVICE (Continued)

7. The billing demand for each rating period shall be determined as follows:
 - a. In any billing period where the availability factor of customer's facilities is less than 50 percent, the billing demand shall be as provided for in the provision entitled "DETERMINATION OF DEMAND" and the customer shall be excused from paying the standby capacity charge;
 - b. In any billing period where the availability factor of customer's facilities is 50 percent or greater, the billing demand shall be the billing demand as provided for in the provision entitled "DETERMINATION OF DEMAND" minus the customer's standby capacity;
 - c. In any billing period where the availability factor of customer's facilities is greater than 90 percent, the billing demand shall be the billing demand as provided for in the provision entitled "DETERMINATION OF DEMAND" minus the customer's standby capacity and customer shall be excused from paying the standby capacity charge; and
 - d. In no event shall the billing demand for any rating period be less than zero kW.
8. For purposes of item 7 above, the availability factor of customer's facilities shall be defined as the total energy (in kWh) produced by the facilities in the six month period ended with the current billing period (less the energy produced during mutually agreed upon maintenance periods) divided by (i) the number of hours in that period (less the number of hours in the mutually agreed upon maintenance periods) and (ii) the customer's standby capacity. The availability factor shall be so determined for each rating period as defined above in the provision entitled "DEFINITION OF RATING PERIODS". Rating periods 1 and 3 and rating periods 2 and 4 shall be considered as the same rating periods for purposes of determining the availability factor. During each of the first five billing periods for each customer, the availability factor shall be determined using the data that are available since the customer first commenced service hereunder.
