

ORANGE AND ROCKLAND UTILITIES, INC.

3rd REVISED LEAF NO. 23Z-14
 SUPERSEDING 2nd REVISED LEAF NO. 23Z-14

GENERAL INFORMATION

26. TEMPORARY SURCHARGE

Pursuant to the Commission's Order Establishing Electric Rate Plan for Orange and Rockland Utilities, Inc., issued July 23, 2008, in Case No. 07-E-0949, a portion of the Company's revenue shortfall for July 2008 will be recovered through a Temporary Surcharge. The revenue shortfall for the Temporary Surcharge shall be defined as the difference between the forecast sales revenues included in the Company's revenue requirement calculation that would have been billed at new rates during July 2008, as compared to the same level of sales revenues at current rates. The Temporary Surcharge shall apply to Service Classification Nos. 4, 5, 16, 25 and customers taking service under Riders G, H and J. The Temporary Surcharge will be recovered over the 10-month period, September 2008 through June 2009, through separate class-specific cents per kWh charges. Consistent with the Commission's July 23, 2008 Order, actual July 2008 shortfalls for the Billing and Payment Processing Charge, Metering Charges, and Commodity-Related Uncollectibles will be calculated and added to the amounts to be recovered through the Temporary Surcharge over the ten-month period September 2008 through June 2009.

A Statement of Temporary Surcharges, showing the Temporary Surcharges by service classification and their effective date shall be filed with the Commission, apart from this Schedule. Such statement shall be filed not less than ten calendar days prior to its effective date and shall be made available to the public at Company offices where applications for service may be made.
