MINIMUM MONTHLY CHARGE:

The sum of the Customer Charge and the Minimum Monthly Demand Charge plus any applicable metering and/or billing and payment processing charges.

MINIMUM MONTHLY DEMAND CHARGE:

The minimum monthly demand charge shall be \$44.27 plus the contract demand charge and the reactive power demand charge, if applicable. The contract demand charge shall be \$3.22 per kW of contract demand per month for service metered at the primary voltage, or \$5.28 per kW of contract demand per month for service metered at the secondary voltage.

CONTRACT DEMAND:

The customer's contract demand shall be the customer's maximum metered demand in any of the immediately preceding eleven months.

DETERMINATION OF DEMAND:

The billing demand, for each of the rating periods above, shall be defined as the highest 15-minute integrated kW demand determined during each rating period by the use of a suitable demand indicator. If applicable, the billing demand shall equal the metered demand adjusted for appropriate losses as determined by the Company and referenced in the METERING section of this schedule.

TERMS OF PAYMENT:

Bills are due when rendered, subject to late payment charge in accordance with General Information Section 7F. If bill is not paid, service may be discontinued in accordance with provisions of General Information Section 10A and 10B.

TERM:

The initial term shall be one year unless the Company requires a longer initial term where special construction is required to furnish service. Thereafter, service is terminable upon ninety days written notice.

Termination of service hereunder by the customer followed by renewed service at the same location under another service classification will only be permitted on the anniversary of the date service commenced hereunder.

METERING:

The Company may, at its sole discretion, permit metering at a voltage level other than that at which service is supplied hereunder if metering at the voltage level at which service is supplied is impractical due to cost or physical constraints.

The customer is responsible for all incremental costs incurred by the Company to accommodate transfers between primary, substation, or transmission service.

REDISTRIBUTION:

Submetering may be available under certain conditions as contained in General Information Section 8 of this tariff.
