

Harness The Power To Go Solar

Get free advice about solar energy on
My ORU Store's solar + battery storage
marketplace!

oru.solar.com

Let an Expert Energy Advisor Help Guide You Every Step of the Way

Less Time

Get multiple quotes all in one place, instead of negotiating with each installer.

More Savings

Choose from a network of approved installers that compete for your project, giving you a better price selection.

100% Online

Our online tools allow you to compare and select the offer that best fits your needs; whether rooftop, ground-mount or community solar.

Hassle-Free

With a list of qualified installers to choose from, you won't have to worry about repetitive, high-pressure sales tactics.

No Cost to You

This service is completely free for you to use when considering if solar or battery storage is a good fit for your energy future.

Discover Your Solar Potential

Add the assurance of backup with a home battery solution.
