

Commercial and Industrial Rebate Program Custom Project Application

INSTRUCTIONS

- All applications for incentives under the **Custom Application** require sound documentation of the proposed cost, projected electricity savings and the related non-electric savings. **Pre-approval by Orange and Rockland Utilities, Inc. (O&R) of all custom projects is required.**
- Before starting the application process, check with O&R to determine eligibility of the proposed project and to establish requirements for detailed savings projections and cost estimates.
- Complete **TABLES 1-6**. This information will be submitted to O&R for review and evaluation of potential incentives.
- Attach additional sheets as necessary.

TABLE 1: APPLICANT INFORMATION – All fields must be completed

Who is filling out this application? (e.g. facility staff, vendor, installation contractor)			Contact Name
Address 1			Day Phone ()
Address 2			Fax ()
City	State	Zip	E-mail

TABLE 2: VENDOR / INSTALLATION CONTRACTOR INFORMATION – All fields must be completed

Vendor / Installation Contractor Company Name			Contact Name
Address 1			Day Phone ()
Address 2			Fax ()
City	State	Zip	E-mail

TABLE 3: GENERAL PROJECT INFORMATION
Project Description Provide the overall project description including operating schedules and parameters, general description of facility, its use and typical operation (include occupancy schedules).
Measure Description: Existing System Provide a detailed description of equipment and operations, cuts sheets with equipment performance ratings (BHP, CFM, kW, etc.) or nameplate data if cut sheets are unavailable, part load performance data (where applicable), and a description of controls and sequence of operations.
Measure Description: Proposed System Provide a detailed description of equipment and operations, cuts sheets with equipment performance ratings (BHP, CFM, kW, etc.) or nameplate data if cut sheets are unavailable, part load performance data (where applicable), and a description of controls and sequence of operations.
Hours of Operation

TABLE 5: COST ESTIMATES	
Provide back-up documentation for all material and labor costs, broken down by major pieces of equipment and project components. Adjust for salvage/resale value of equipment being replaced. Enter summarized costs below. Note - Please provide 'Base' costs if end of life equipment replacement. 'Base' is defined as non-energy-efficient option.	
Value	Cost (\$)
Estimated Proposed Equipment Cost:	
Estimated Proposed Labor Cost:	
Estimated Proposed Material Cost:
