Re: In the Matter of the Verified Petition of Rockland Electric Company for
Approval of an Energy Efficiency Stimulus Program and Associated Rate
Recovery - 2014 Annual True-Up
BPU Docket No. _____

Dear Secretary Izzo:

Rockland Electric Company ("RECO" or "the Company") hereby submits for filing an original and ten copies of Leaf No. 58 to its Schedule for Electric Service B.P.U. No. 3 – Electricity (the "Electric Tariff") in draft format. This filing is submitted in accordance with General Information Section No. 34 of the Company's Electric Tariff, which requires the submission of an annual filing to reconcile any over- or under-recovered balances collected through the Energy Efficiency Stimulus Program ("EES Program") component of the Regional Greenhouse Gas Initiative ("RGGI") Surcharge and to establish the RGGI Surcharge in effect for the following January 1.

The Company is proposing a RGGI Surcharge that is a charge of 0.0548 cents per kWh, including Sales and Use Tax ("SUT") effective January 1, 2015. The proposed RGGI Surcharge includes two components: (1) a revised EES Program surcharge of 0.0465 cents per kWh, including SUT; and (2) a Low Income Audit II Program surcharge of 0.0083 cents per kWh, including SUT, which is unchanged.

EES Program

The EES Program called for a \$1.0 million increase in energy efficiency spending in 2010 through three new programs: On-Line Audit Program, Residential Enhanced Rebate Program, and Low Income Audit and Install Program. On November 19, 2009, a Stipulation of Settlement ("EES 2009 Program Stipulation") was entered into by the Company, the Staff of the New Jersey Board of Public Utilities ("Staff"), and the Department of the Public Advocate, Division of Rate Counsel ("Rate Counsel") detailing the proposed programs and cost recovery mechanisms. The

Board, in its Order dated November 23, 2009 in Docket Nos. EO09010056¹ and EO09010061² ("November 2009 Order"), approved the EES Program Stipulation.

The EES 2009 Program Stipulation calls for an annual filing to be made by September 1st of each year containing the EES Program component of the RGGI Surcharge to be in effect for the twelve month period commencing the following January 1.³ The EES Program component of the RGGI Surcharge is set to recover any prior period under- or over-recovered balances, including interest, and to provide current recovery of the forecasted EES Program revenue requirement over the twelve-month period commencing the following January 1. The calculation of the under/over-collection as well as the associated interest is set forth on Appendix A, Page 3. Included in this calculation of the under/over-collection for the review period are actual revenue requirements and recoveries for January through July 2014 and estimated revenue requirements and recoveries for August through December 2014. The revenue requirement calculation includes a Weighted Average Cost of Capital ("WACC") of 8.21%⁴ for the period January through July 2014 and 7.83%⁵ from August 2014 forward. The calculations supporting the determination of these WACCs can be found on Pages 7 and 10 of Appendix A.

As provided for in the Board's November 23, Order (p. 7), any change in the Revenue Requirement resulting from the change in the WACC will not be included in the monthly interest calculation for over- and under-recoveries until the next scheduled annual true-up. Therefore, in calculating the associated interest with the EES Program under-collection for calendar year 2014, the Company recalculated the monthly revenue requirements for the period August through December 2014 using a WACC of 8.21%. The monthly revenue requirement calculations used for both the interest calculation and the over/under collection calculation are set forth on Pages 8 and 11 of Appendix A.

As shown in Appendix A, Page 3, the total under-collection related to the EES Program equals \$548,607 including interest. As shown in Appendix A, Page 12, the estimated revenue requirement related to the EES Program for calendar year 2015 equals \$162,592.

EES Program Minimum Filing Requirements

There were a number of minimum filing requirements that were required in the EES 2009 Program Stipulation.⁶ As directed by the EES 2009 Program Stipulation, the Company was to include these minimum filing requirements as part of its Annual Filing. Appendices A through F contain the requested information outlined in these minimum filing requirements. The table below outlines which requirements are met by each of the Appendices attached to this filing letter.
