All rates and charges for service under this Service Classification will be increased pursuant to General Information Section No. 19.

SERVICE CLASSIFICATION NO. 2 (Continued)

MINIMUM MONTHLY CHARGE:

The sum of the customer charge, the demand charge, and the reactive power demand charge, if applicable, plus any applicable metering and/or billing and payment processing charges.

DETERMINATION OF DEMAND:

The monthly billing demand in kW shall be either the greatest connected load or the greatest 15-minute integrated demand, determined as follows:

Billing demands may be on a connected load basis when a demand meter would not reduce the billing demand, the installation is temporary, or the device has a large instantaneous or highly fluctuating demand.

Billing shall be on a demand meter basis in all other cases. The billing demand for the billing months of October through May inclusive shall not be less than 70% of the highest metered demand for the preceding billing months of June through September inclusive.

Customers who are not expected to use at least 5 kW will not normally have a demand meter installed. However, should such customer use 800 kWh or more in each of two consecutive months, the Company will install a suitable demand meter.

TERMS OF PAYMENT:

Bills are due when rendered, subject to a late payment charge in accordance with provisions of General Information Section No. 7.6. If bill is not paid, service may be discontinued in accordance with provisions of General Information Section Nos. 11.1 and 11.2.

TERM:

Service is terminable at any time after one year unless a longer period is required under a line extension agreement. The Company reserves the right to require a longer initial term when special construction is required to furnish the service.

SERVICE CLASSIFICATION NO. 2 (Continued)

EXTENSION OF FACILITIES:

Where service is supplied from an extension the charges thereon shall be determined as provided in General Information.

SPECIAL PROVISIONS:

(A) Short Term Service

When short term service is requested, the Company reserves the right to require a deposit of the estimated bill for the period service is desired. The minimum charge for such short term service shall be an amount equal to six times the minimum monthly charge, payable in advance. When construction is necessary, the cost of installation and removal of all equipment, less salvage value, must be borne by the customer, and a sufficient amount to cover these charges shall be paid in advance. A part of a month shall be considered a full month for computing all charges hereunder.

(B) Space Heating

Customers who take service under this classification for 10 kW or more of permanently installed space heating equipment may elect to have the electricity for this service billed separately. All monthly use will be billed at a Delivery Charge of 2.339¢ per kWh during the billing months of October through May and at a Delivery Charge of 9.361¢ per kWh during the other billing months. When this option is requested it shall apply for at least twelve months and shall be subject to a minimum charge of \$19.96 per year per kW of space heating capacity. This rule applies for both heating and cooling where the two services are combined by the manufacturer in a single self-contained unit. All usage under this Special Provision shall also be subject to Parts (3) through (11) of RATES – MONTHLY.

This special provision is closed to new customers effective July 1, 2011.

SERVICE CLASSIFICATION NO. 2 (Continued)

SPECIAL PROVISIONS: (Continued)

(C) Budget Billing (Optional)

Any condominium association or cooperative housing corporation who takes service hereunder and any customer who has taken service for at least 12 months under Special Provision B, Space Heating may, upon request, be billed monthly for such service in accordance with the budget billing plan provided for in General Information Section No. 7 of this tariff.

(D) Redistribution

Submetering may be available under certain conditions as contained in General Information Section No. 8 of this tariff.

(E) Remote Radio Transceivers

When a Customer has accounts for service at each of no fewer than 100 different locations, each served under this Service Classification, the Customer Charge per account will be reduced by 50 percent, provided all of the following criteria are met:

- (1) Service under each account is supplied exclusively for use of radio transceivers that are located on street lights;
- (2) Service under each account is unmetered;
- (3) The usage calculated for each location and to be billed on the corresponding account is less than 30 kilowatthours per month.

The Company will issue a single monthly bill for all the qualifying accounts eligible for a reduced Customer Charge under this provision.
