

SERVICE CLASSIFICATION NO. 22

APPLICABLE TO USE OF SERVICE FOR:

Sales and delivery of electric power supply provided by the Company or delivery of electric power supply provided by an Energy Service Company under the Company's Retail Access Program to large industrial primary service customers who maintain a minimum demand of 1,000 kW during any two of the previous twelve months and provide all equipment required to take service at a primary voltage as designated by the Company.

Sales and delivery of electric power supply provided by the Company or delivery of electric power supply provided by an Energy Service Company under the Company's Retail Access Program to large industrial substation and transmission service customers with a minimum demand of 1,000 kW who provide all equipment required to take substation or transmission service as designated by the Company. Substation and transmission service shall be made available at the sole discretion of the Company where conditions permit.

A large industrial customer shall be defined as a customer whose facilities are classified by the Standard Industrial Manual (1987 ed. or supplement thereto) as Mining (Division B) or Manufacturing (Division D) and where 60 percent or more of the customer's electric usage is used directly for manufacturing and/or mining per Standard Industrial Codes ("SIC"). A Minimum Eligibility Requirement will be established by the Company at the time of application. The Minimum Eligibility Requirement is defined as 60 percent of the customer's actual electric usage at the time of application.

A large industrial primary, substation or transmission service customer whose actual kWh energy usage for mining or manufacturing purposes falls below the Minimum Eligibility Requirement established above by more than 25% will be removed from this rate and transferred to an appropriate Service Classification.

A large industrial customer who:

- fails to maintain a demand of at least 1,000 kW during any two of the previous twelve months, or
- is no longer classified by the SIC manual as mining or manufacturing, or

APPLICABLE TO USE OF SERVICE FOR: (Continued)

- no longer maintains energy use for mining or manufacturing purposes of at least 60% of their total usage

may, at the customer's option, transfer to another Service Classification, provided that such transfer shall only be made on the annual anniversary date that such customer began service hereunder.

All service at one location shall be taken through one meter.

CHARACTER OF SERVICE:

Continuous, 60 cycles, A.C., three phase primary, substation or transmission service as defined in General Information Section No. 4 and depending upon the magnitude and characteristics of the load and the circuit from which service is supplied.

SERVICE CLASSIFICATION NO. 22 (Continued)

MINIMUM MONTHLY CHARGE:

The sum of the Customer Charge and the Minimum Monthly Demand Charge plus any applicable metering and/or billing and payment processing charges.

MINIMUM MONTHLY DEMAND CHARGE:

The minimum monthly demand charge shall be \$53.28 plus the contract demand charge and the reactive power demand charge, if applicable. The contract demand charge shall be \$3.87 per kW of contract demand per month for service metered at the primary voltage, or \$6.35 per kW of contract demand per month for service metered at the secondary voltage.

CONTRACT DEMAND:

The customer's contract demand shall be the customer's maximum metered demand in any of the immediately preceding eleven months.

DETERMINATION OF DEMAND:

The billing demand, for each of the rating periods above, shall be defined as the highest 15-minute integrated kW demand determined during each rating period by the use of a suitable demand indicator. If applicable, the billing demand shall equal the metered demand adjusted for appropriate losses as determined by the Company and referenced in the METERING section of this schedule.

TERMS OF PAYMENT:

Bills are due when rendered, subject to late payment charges in accordance with General Information Section No. 7.6. If bill is not paid, service may be discontinued in accordance with provisions of General Information Section Nos. 11.1 and 11.2.

TERM:

The initial term shall be one year unless the Company requires a longer initial term where special construction is required to furnish service. Thereafter, service is terminable upon ninety days written notice.

SERVICE CLASSIFICATION NO. 22 (Continued)

TERM: (Continued)

Termination of service hereunder by the customer followed by renewed service at the same location under another Service Classification will only be permitted on the anniversary of the date service commenced hereunder.

METERING:

The Company may, at its sole discretion, permit metering at a voltage level other than that at which service is supplied hereunder if metering at the voltage level at which service is supplied is impractical due to cost or physical constraints.

The customer is responsible for all incremental costs incurred by the Company to accommodate transfers between primary, substation, or transmission service.

REDISTRIBUTION:

Submetering may be available under certain conditions as contained in General Information Section No. 8 of this tariff.
