

Statement of Statewide Solar for All Compensation

The following Compensation Level percentages are applicable to Statewide Solar for All ("S-SFA")
Project Hosts participating in the S-SFA Program under Rider N:

ORANGE AND ROCKLAND UTILITIES, INC.

Table 1: Compensation Levels for projects enrolling in S-SFA between December 1, 2024 and March 31, 2025
that were awarded incentives prior to March 1, 2025:

Generating Equipment	Compensation Level
Standalone Energy Storage	94%
Solar PV and Paired Solar-Storage	86%
Solar PV and Paired Solar-Storage (50% Low Income Communities Investment Tax Credit)	76%

Table 2: Compensation Levels for projects enrolling in S-SFA between December 1, 2024 and November 30, 2025
that were not awarded incentives prior to March 1, 2025:

Generating Equipment	Compensation Level
Standalone Energy Storage	94%
Solar PV and Paired Solar-Storage	86%
Solar PV and Paired Solar-Storage (Awarded Category 4 Low Income Communities Bonus Credit)	76%

Table 3: Utility Administrative Fee Percentage:

Utility Administrative Fee Percentage	1%
---------------------------------------	----

Note:

For the purposes of S-SFA participation, a paired solar-storage project is defined as one whose nameplate capacity (in kilowatts of alternating current) for the solar PV component is 10% or greater than that of the energy storage component or has a solar project that has received NY-Sun funding.
