

# Remote Crediting Application

The following application is for Remote Crediting Service in New York, pursuant to Rider N of Orange and Rockland Utilities, Inc. Schedule for Electric Service, P.S.C. No. 3 - Electricity.

The account for electric service at the premises where the electric generating equipment is located shall be designated the "RC Host Account." The account(s) to which Value Stack credits are allocated shall be designated the "RC Satellite Account(s)." An RC Host Account may designate additional RC Satellite Accounts or remove existing RC Satellite Accounts once per billing cycle, with the new designations to take effect commencing within 30 days of the Company's receipt of the revised allocation list.
