    **THIS IS A FINAL TERMINATION NOTICE. PLEASE REFER TO THIS NOTICE WHEN CONTACTING US TO PROVIDE ACCESS.**

Your gas service is scheduled to be shut off on or after 15 days from the date of this notice, because as of [today's date], you have failed to provide access to Orange and Rockland for the purpose of inspecting and examining the meters, pipes and fittings within your home. As previously described to you in our [date] letter assessing a $100 charge for failure to provide access, New York State gas distribution companies are required under state and federal gas safety regulations to have gas equipment inspected up to the outlet of the meter. Orange and Rockland is committed to working with customers such that their natural gas service stays connected, therefore, we are providing notice that your service may be disconnected because Orange and Rockland has been unable to perform a safety inspection of your premises due to lack of access.

9.2 FINAL DISCONNECT NOTICE (Cont'd.)

(B) Except as provided in (3) below, a Final Disconnect Notice will not be issued or sent unless 120 calendar days have elapsed from the date payment was due, or the date given in a written notice to cure a tariff violation, or as provided in the regulation where the reason for disconnection is the failure to provide access.

(C) A final Disconnect Notice for a non-payment may be sent on or after the date payment was due in the following circumstances:

(1) When any portion of the charge that the customer has failed to pay is for unmetered service that was supplied through tampered equipment;

(2) When the charge that a non-residential customer has failed to pay is the installment amount due under a deferred payment arrangement;

(3) When the Company has accepted a written waiver of a non-residential customer's rights not to be sent a Final Disconnect Notice in conjunction with a security deposit agreement.

(D) A Final Disconnect Notice will not be sent while a complaint is pending before the Company or the Commission for non-payment of the disputed charges or for any other reason that is the subject of the complaint. However, a Final Disconnect Notice can be sent for non-payment of undisputed charges or for reasons not at issue in the complaint.

9.3 PHYSICAL DISCONNECTION OF SERVICE

(A) Dates and Times

(1) The Company shall not disconnect service to any customer for non-payment of bills or for failure to post a required deposit, on a Saturday, Sunday, public holiday or day on which the main business office of the Company is not opened for business. For purposes of this section, the term "public holiday" refers to those holidays enumerated in the General Construction Law.

9.3 PHYSICAL DISCONNECTION OF SERVICE (Cont'd.)

(A) Dates and Times (Cont'd.)

(2) The Company shall not disconnect service to any residential customer for non-payment of bills or for failure to post a required deposit on a Friday, or the day immediately preceding a day on which the main business office of the Company is not scheduled to be open for business, or the day immediately preceding a public holiday, or during a two-week period encompassing Christmas and New Year's Day. Residential disconnection shall be made only between the hours of 8:00 a.m. and 4:00 p.m.

(3) The Company shall not disconnect service to any non-residential customer for non-payment of bills or for failure to post a required deposit after 3:00 p.m. on the day immediately preceding those identified in Paragraph (A)(1) above, unless the Company makes personal contact with the customer to inform him that disconnection is about to occur and the Company is willing to accept a check for any payment required to avoid disconnection. (C) Rapid Posting of Payments in Response to Final Disconnect Notice

The Company shall take reasonable steps to establish procedures to insure that any payments made in response to final disconnect notice, when the customer brings the fact that such a notice has been issued to the attention of the Company or its authorized collection agents, are either:

(1) posted to the customer's account on the day payment is received; or

(2) processed in some manner so that disconnection will not occur.

9.4 DISHONORED CHECKS

Receipt of a subsequently dishonored check in response to a Final Disconnect Notice shall not constitute payment of the customer's account, and the Company shall not be required to issue additional notice prior to disconnection.

9.5 PAYMENT AT THE TIME OF DISCONNECTION

(A) If the customer claims, at the time of disconnection for non-payment, that payment has already been made or that a complaint is pending before the Company or the Commission with regard to the charges demanded, the Company's field representative shall make a reasonable effort to verify this information.

(B) If a customer offers full payment or, if eligible, to sign a deferred payment agreement at the time of disconnection, the Company's field representative shall accept the payment or downpayment and avoid termination.

(C) If the Company allows the customer time to go to a business office to sign a deferred payment agreement and the customer fails to sign the agreement within the specified time, the Company may disconnect service without further notice.

(D) Whenever payment is made at the time of disconnection, the Company's field representative shall provide the customer with a receipt showing the date, account number, amount received, the form of payment and either the employee's identification number or name.

9.8 DISCONTINUANCE OF SERVICE TO ENTIRE MULTIPLE DWELLINGS

(A) The Company shall not disconnect service to an entire multiple dwelling (as defined in the Multiple Dwelling Law or the Multiple Residence Law) unless the notices specified in 16 NYCRR §11.7 have been given, provided that where any of the notices required thereunder are mailed in a postpaid envelope, there shall not be disconnection of service until at least 18 days after the mailing of such notices.

(B) During the cold weather period beginning November 1 of each year and ending April 15 of the following year, the written notices required in Subsections (I) and (J) shall be provided not less than 30 days before the intended disconnection.

9.9 DISCONTINUANCE OF SERVICE TO TWO-FAMILY DWELLINGS

(2) has rendered an unmetered service bill;

(3) has made reasonable efforts to provide to a person in charge of the premises both the bill and oral notice of the requirements to avoid disconnection;

(4) has not received the required payment.

(B) In cases where tampering and/or theft of service has been established, the customer shall pay the charges set forth below to the Company, and where the Company has disconnected service, such service will not be restored unless the customer pays to the Company:

(1) the amount owed based upon the estimated consumption of gas not recorded on the meter (See Section 6.5 (D)); and

(2) all costs directly related to investigations and inspections and damage to or loss of the meter or other property of the Company. All damages will be based on current replacement cost.

9.14 RESTORATION OF SERVICE (Cont'd.)

(A) Residential (Cont’d.)

(1) (Cont’d.)

(i) the Company receives the full amount of arrears* for which service was disconnected as well as the applicable reconnection charge; or

*For customers participating in the Company’s Gas Transportation Service Program and receiving a Utility Single Bill, such amount shall be the lesser of a) the combined charges for the Company’s delivery service and the Seller’s gas supply, and b) the Company’s charges calculated as if the customer had purchased its gas supply from the Company, less any amount the customer paid on such bills to date, commencing with the first bill for which the customer did not pay the full amount due to the date service will be reconnected. The customer shall remain liable for any difference between the total arrears owed and the payment made to restore service.

(ii) the Company and the residential customer reach agreement on a deferred payment plan and the payment of a downpayment, if required, under that plan; or

(iii) upon the direction of the Commission or its designee; or

(iv) upon the receipt by the Company of a commitment of a direct payment or written guarantee of payment from the Social Services district in which the residential customer resides; or

(2) For customers participating in the Company’s Gas Transportation Service Program and receiving a Marketer Single Bill and who have been disconnected at the Marketer’s request, the Company will reconnect service at the request of the Marketer. However, if the Marketer has not requested the Company to reconnect service within one year after it terminated gas supply service to the customer, the Company will restore delivery service at the customer’s request provided that the customer meets the Home Energy Fair Practices Act requirements for restoration of service. The customer shall remain liable for any difference between the total arrears owed and the payment made to restore service.
9.14 RESTORATION OF SERVICE

(A) Residential

(3) The Company shall reconnect service, unless prevented by circumstances beyond its control or where a customer requests otherwise, to any disconnected residential customer not more than 24 hours after the above conditions of this section have been satisfied. Whenever circumstances beyond the Company's control prevent reconnection of service within 24 hours, service shall be reconnected within 24 hours after those circumstances cease to exist.

(B) Non-Residential

(1) The Company shall reconnect service that has been disconnected solely for non-payment of bills and/or a security deposit within 24 hours of the non-residential customer's request for reconnection provided the Company has received the lawful reconnection charge, as well as any other applicable charges, fees, costs, disbursements or penalties due, and either:

(i) the full amount of arrears and/or security deposit for which service was disconnected, and any other tariff charges billed after the issuance of the termination Final Disconnect Notice which are in arrears at the time reconnection is requested; or

(ii) the signing of a deferred payment agreement and the receipt of a downpayment, if required under the agreement.

(2) The Company shall reconnect service that has been disconnected solely for failure to provide access within 24 hours of the non-residential customer's request for reconnection, provided the non-residential customer has allowed access and has made a reasonable arrangement for future access.

(3) The Company shall reconnect service that has been disconnected solely for a tariff violation within 24 hours of the non-residential customer's request for reconnection and, at the Company's option, either receipt by the Company of adequate notice and documentation or a field verification that the violation has been corrected, provided, however, that any field verification shall be arranged within two business days of the non-residential customer's request or such later time as specified by the non-residential customer.

The reconnection shall be accomplished within the time period applicable to the last condition satisfied.

(5) Whenever circumstances beyond the Company's control prevent reconnection of service within 24 hours of any of the events specified above, service shall be reconnected within 24 hours after those circumstances cease to exist.

(C) A reconnection charge of $69.00 shall apply when the above conditions are satisfied and the customer specifies service is to be re-established during normal business hours regardless of the time that service is actually re-established. For purposes of this section, normal business hours are 8:00 a.m. to 4:00 p.m. local time, Monday through Friday, excluding holidays. The Company will waive the reconnection charge for any customer receiving a HEAP grant in the twelve month period immediately prior to reconnection of service.

(D) A reconnection charge of $104.00 shall apply when the above conditions are satisfied and the customer specifies service is to be re-established during other than normal business hours.
